

Customer Acknowledgment Form

COVID-19 Documents

Customer Name	
Booking Reference	
Flight Details	

Before you fly, it is important you check government travel advice for the latest information on COVID-19 entry requirements and travel warnings for the country you are travelling to, and check what you will need to do if you will be returning to your country of departure.

Airlines have the right to refuse travel to anyone they believe is not fit to fly.

I have been fully informed that as a requirement of travel by the regulatory authorities of my country of destination including transit I must, where requested, present/submit valid COVID-19 documents (for example: PCR test results, health declarations, vaccination documentation, passenger location form or other COVID-19 related documentation).

I acknowledge that sharing my valid COVID-19 documents with Qatar Airways is necessary to comply with legal obligations to which Qatar Airways is subject (e.g. ensure all passengers traveling to a specific destination have with them the necessary COVID-19 documentation required to enter to that destination).

Qatar Airways will process my personal data under a legal obligation and/or under a legitimate interest and reasons of public interest in the area of public health such as protecting against serious cross-border threats to health.

Qatar Airways will keep my personal data confidential and will share it only with the competent authorities where required by law. Qatar Airways will retain a copy of my COVID-19 documents for a limited period with the sole purpose to demonstrate compliance with applicable legal obligations.

Where applicable, if the release of this information to Qatar Airways is on behalf of a child I acknowledge and agree that I have the legal capacity to do so as a parent or legal guardian of that child.

I confirm that I have read and fully understand this document before signing below.
